I am currently a third year student in Binus University pursuing a bachelor degree in the field of Computer Science majoring in intelligent system with a 3.86/4.00 GPA. During my past academic experiences, I have engaged and participated in various academic and non-academic events with a predominant focus on school-based organizations. I am looking forward to contribute to a professional working environment and utilize my skills that I have acquired along the way while learning from the best field practitioners simulateneously. I am fully committed to giving my best effort and embracing this opportunity to grow, learn, and explore my fullest potential.
